

# QAR QUESTIONS

NAME:

DATE:

TOPIC:

This strategy helps us develop strong question-answering skills by understanding question types and employing them to deepen our understanding of a text.

## Right There: Literal questions to which the answers are right there in the text.

Who? Where? What? When?

## Think and Search: Search across several passages of the text and make connections to find the answer.

What caused ...? How ...? Was ...? Contrast/compare ... Explain ...

## Author and You: Based on the information in the text, what do you think or feel about the reading?

Why did the author write ...? How can you tell ...? How do you think the author feels about ...?

## On My Own: Use your prior knowledge and opinions to answer.

How has [the topic] impacted your life? Do you believe ...? How would you feel if ...?
